THE COMMUNITY

The area has an expanding population with an economic base gained from local industries, orchard, dairy, and agricultural farming. Local industries include: Kimball Physics, Souhegan Wood Products, Cutting Tool Technologies, and the Hitchiner Manufacturing Corporation. According to the Town Profiles of 2020 Wilton had a population of 3,898 and the population of Lyndeborough was 1,706 people. The area has an expanding population with an economic base gained.

THE CURRICULUM

The students of WLC are provided with a quality and comprehensive education that focuses on the mastery of basic skills, while, allowing students to pursue their individual interests. The school offers 66 courses in varying levels of difficulty. Students may elect to take online courses through Virtual High School or Virtual Learning Academy Charter School. WLC students are also able to participate in courses offered through the career and technical programs at Milford High School, Mascenic Regional High School and Contoocook Valley Regional High School (Con-Val).

Advanced Placement and Honors: WLC currently offers four AP courses: AP Calculus AB, AP Computer Science Principles, AP Environmental Science, AP U.S. History, and AP World History. The following courses have been designated as Honors: Honors World Literature, Honors American Literature, Honors British Literature, Honors Algebra I, Honors Algebra II, Honors Geometry, Honors Pre-Calculus, Honors Calculus, Honors Biology, Honors Integrated Science, Honors World History, Honors U.S. History, and Honors U.S. Government & Economics. Honors students may elect to take the AP exam to receive college credit.

College Preparatory: Offers basic skill development and academic preparation for 4-year colleges/ universities. Course offerings are available in the subjects of English, Math, Science, Social Studies, Art, Business, Computers, World Languages, Music, Family & Consumer Sciences, Industrial Arts, and Physical Education.

Early College: Early College pathways enables students to jump start their college education by earning college-level credits during their high school years. Students are integrated into regular college classes at the New Hampshire College System of New Hampshire campus(es) or online.

eStart: eStart is a dual credit program that affords NH high school students the opportunity to take 100% online college courses through the Community College System of New Hampshire (CCSNH), while earning both high school AND college credit simultaneously.

Running Start: The Running Start program allows high school students to take Community College System of NH (CCSNH) courses for high school AND college credit while still in high school. The following courses are offered at WLC: College Comp 101, College Comp 102, Honors Pre-Calculus, and Statistics.

Senior Project - Is the individual pursuit of a topic of particular interest. It is a demonstration of the senior's ability to learn independently from a variety of resources, while guided by a Mentor. This project encourages students to use their critical thinking skills and creativity, while also strengthening their sense of autonomy and commitment to lifelong learning.

Service Learning - Service learning is a yearly requirement for students at WLC, based on the belief that students should play an active role in their communities. Students must complete 6 hours of service per year for graduation. WLC's service learning component promotes respect and caring while building self-esteem and a connection to the community.

Competency Based Grading

Beginning with the 2015-2016 school year, WLC implemented Competency-Based Grading as mandated by the State of New Hampshire Department of Education.

Report Cards are generated for S1 and S2/Y1 (Y1 will contain Year-Long Grades and Credits Earned)

Passing a class with traditional grades does not mean that a student will receive credit for the course. Competencies override the traditional grades when determining course credit. Traditional grades will still be used to calculate GPA, and for transcripts.

Competency is defined as the ability of a student to demonstrate required content knowledge and skills for each course. The purpose of a competency based grading system is to improve student achievement by focusing student learning on the essential skills and content necessary for each course and is based on a pattern of student work. The competency based structure more accurately reflects a students' level of understanding. Each competency aligns with the standards as outlined in the Common Core State Standards and in other national and New Hampshire standards as they apply to a specific course.

Throughout each course students receive a letter grade and a competency based grade based on their level of proficiency. The learning process continues throughout a course. Quarter grades are a snapshot of student progress at that time and are not reported on the transcript. At the end of the course, students receive an overall letter grade based on the average of the final course competency scores. This letter grade will be used to generate GPA and class rank.

Graduate Distinctions

To recognize our graduating seniors, WLC will determine; Summa Cum Laude, Magna Cum Laude and Cum Laude as well as the positions of Senior Class Valedictorian and Salutatorian distinction. This information will be calculated two weeks after Semester 1 grades close. At this time credit and GPA will be awarded for both Semester 1 and Year Long courses. These results are to be absolute. This pertains to those students graduating with a WLC 24 credit diploma.

Summa Cum Laude-	GPA of 3.7+
	(these graduates will be recognized)
Magna Cum Laude -	GPA of 3.4-3.69
Cum Laude -	GPA of 3.0-3.39

GPA Levels

WLC uses a weighted grading scale.

Disciplinary History

Wilton-Lyndeborough Cooperative High School does not share disciplinary records with post-secondary institutions. We counsel students to answer honestly any question regarding their disciplinary history on their college applications.

WLC Grading Scale

Mark	AP/Honors	College Prep	%
A+	4.9	4.5	98 - 100
A	4.6	4.2	93 - 97
A-	4.3	3.9	90 - 92
B+	3.9	3.5	88 - 89
B	3.6	3.2	83 - 87
B-	3.3	2.9	80 - 82
C+	2.9	2.5	78 - 79
C	2.6	2.2	73 - 77
C-	2.3	1.9	70 - 72
D+	1.9	1.5	68 - 69
D	1.6	1.2	66 - 67
D-	1.3	0.9	65
F	0.0	0.0	64 and below
