### **Student Athletes of the Week**

**Female Student Athlete of the Week: Eila O'Toole!** "Eila has a positive attitude and a constant hustle. She pitched in 2/3 games and played a huge part in or almost upset win vs PCA. Striking out four and only walking two." - Coach Tom Crowley

**Male Student Athlete of the Week: Colby Collins!** "Colby pitched a 2 hit gem over 4 innings in his final regular season start vs Pittsfield. He added to his Senior resume of accomplishments in this game by hitting a solo home run that went 10 feet beyond the center field fence set at 260ft!" - Coach Paul Levesque

MS Female Student Athlete of the Week: Addison Routhier! "Addison has been playing third base for the team all season. This is the first time she has had starting reps at this position. She has been a wall and has made play after play, game after game. As the season progressed, you could see her settling in at the position with a confident glove and a rocket arm making difficult plays and outs! Way to go Addison!" - Coach Norman Hall

MS Male Student Athlete of the Week: Cam Butt! "Cam has been hitting everything and is easily the best defensive outfielder in our league. We never have to worry about a ball heading anywhere near his area. He's also a great leader that other players look up to." -Coach Adam Lavallee
