24 Hours Service Learning

eStart: eStart is a dual credit program that affords NH high school students the opportunity to take 100% online college courses through the Community College System of New Hampshire (CCSNH), while earning both high school AND college credit simultaneously.

Running Start/Dual Credit: The Running Start program allows high school students to take Community College System of NH (CCSNH) courses for high school AND college credit while still in high school. The following courses are offered at WLC: College Composition 101, College Composition 102, Introduction to Statistics, The Power of Math and Basic Human Anatomy & Physiology,

Senior Project - Is the individual pursuit of a topic of particular interest. It is a demonstration of the senior's ability to learn independently from a variety of resources, while guided by a Mentor. This project encourages students to use their critical thinking skills and creativity, while also strengthening their sense of autonomy and commitment to lifelong learning.

Service Learning - Service learning is a yearly requirement for students at WLC, based on the belief that students should play an active role in their communities. Students must complete 6 hours of service per year for graduation. WLC's service learning component promotes respect and caring while building self-esteem and a connection to the community.

Competency Based Grading

Beginning with the 2015-2016 school year, WLC implemented Competency-Based Grading as mandated by the State of New Hampshire Department of Education.

Report Cards are generated for S1 and S2 (S2 will contain Year-Long Grades and Credits Earned)

Passing a class with traditional grades does not mean that a student will receive credit for the course. Competencies override the traditional grades when determining course credit. Traditional grades will still be used to calculate GPA, and for transcripts.

Competency is defined as the ability of a student to demonstrate required content knowledge and skills for each course. The purpose of a competency based grading system is to improve student achievement by focusing student learning on the essential skills and content necessary for each course and is based on a pattern of student work. The competency based structure more accurately reflects a students' level of understanding. Each competency aligns with the standards as outlined in the Common Core State Standards and in other national and New Hampshire standards as they apply to a specific course.

Throughout each course students receive a letter grade and a competency based grade based on their level of proficiency. The learning process continues throughout a course. Quarter grades are a snapshot of student progress at that time and are not reported on the transcript. At the end of the course, students receive an overall letter grade based on the average of the final course competency scores. This letter grade will be used to generate GPA and class rank.

Class Rank

Class rank is determined by a quality point system and is weighted. The higher the level, the more the more points awarded for the same grade. AP and Honors courses carry an additional .4 above College Prep classes.

GPA Levels

WLC uses a weighted grading scale.

Disciplinary History

Wilton-Lyndeborough Cooperative High School does not share disciplinary records with post-secondary institutions. We counsel students to answer honestly any question regarding their disciplinary history on their college applications.

WLC Grading Scale			
Mark	AP/Honors	College Prep	%
A+	4.9	4.5	98 - 100
A	4.6	4.2	93 - 97
A-	4.3	3.9	90 - 92
B+	3.9	3.5	88 - 89
B	3.6	3.2	83 - 87
B-	3.3	2.9	80 - 82
C+	2.9	2.5	78 - 79
C	2.6	2.2	73 - 77
C-	2.3	1.9	70 - 72
D+	1.9	1.5	68 - 69
D	1.6	1.2	66 - 67
D-	1.3	0.9	65
F	0.0	0.0	64 and below
