WLC News:

Common Core Standards Workshops:

- *March 6th: members from each department attended the Seresc Common Core Workshop and will be sharing information with their department.*
- *March 11th 3-5pm: Leadership Team of which includes Department Heads, Competency Committee, and MS Team Leaders attended an in- school workshop run by the DOE and Seresc. This presentation was focused on a math CCSS workshop that works through understanding the standards, doing some gap analysis, and planning for transition.*
- *March 14th: Staff-in-Service Day for Full Faculty was held and focused on Common Core Standards. The workshop was once again run by the DOE and Seresc. It included a presentation to the full faculty in the morning and break- out sessions in the afternoon.*

Competency Committee Report: Information from February 21st Meeting:

There was a lengthy discussion about what the issue is around the term "Body of Evidence." The burning question asked was, "how do you know that students have passed a competency?" For the next PLC on March 19th each teacher will bring a copy of their competencies and a list of "how teachers know that students know what is being taught" and example(s) of that.

There was a brief discussion on the incomplete policy. The thought was raised about allowing incompletes to be open longer than 2 weeks.

On March 28th Competency Committee Members will have a PD Day to discuss remediation.

Next Meeting March 21st

Necap Report:

Both the Math and LA Departments have met and are addressing test scores. Included in this report is a revised plan which originally was developed by the Math Department last year addressing the low scores in the 2012 Necap Scores.
