Greetings,

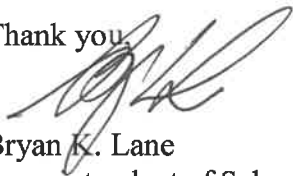

I wanted to make you aware of some issues around COVID-19 cases in the District.

Last Tuesday, I sent out a letter regarding some positive COVID cases involving 8th grade students at WLC. Since then, we have had one staff member test positive for COVID-19 that affected seven students who will be excluded from school this week. We have conducted contact tracing and have contacted all of the families that are affected by the staff member who tested positive. We have contacted the Department of Public Health about these events.

Currently we have several staff members who are quarantining for the remainder of this week as a precautionary measure with all but one having exposures that occurred outside of our buildings. The teachers who are our are teaching remotely into their classrooms so that our students are able to keep moving forward academically with a minimum of disruption.

I have sent out a reminder to our staff to be diligent about the social distancing protocols that we have in order to minimize any future exposures within our schools.

Thank you,

Bryan K. Lane
Superintendent of Schools
