

To the Community Members of Wilton and Lyndeborough,

On behalf of the Wilton-Lyndeborough Cooperative Teachers Association, we would like to express our sincerest gratitude for your recent support of our new CBA, taking effect next school year. We believe that this contract is an essential building block towards cultivating a truly exemplary educational experience for all of the children in our community.

The amount of parents, caregivers, and community members who have expressed support for our Collective Bargaining Agreement—and by extension our students, school community, and improving academic achievement—means so much to the teachers of this school district. We feel extremely lucky to work in such a tight-knit community with a deep commitment to its children.

We look forward to continuing our collaboration to support all of the students of Wilton and Lyndeborough.

Once again, thank you for your support!

Sincerely,

Morgan Kudlich
