RE: Interscholastic Basketball

After conversations with the administration at WLC, a consultation from the Athletic Director, the following are the conditions that will be created in order for our students to participate in basketball this winter:

- All students and staff will wear a mask during games and in practice
- We will only compete in games with other schools that have the same mask requirement
- Athletes from both teams will be restricted from using locker rooms for purposes other than bathroom use
- There will be no spectators at home games
- We will only compete against other schools that do not allow spectators
- We will schedule all games regionally as much as possible.

The WJAA has reached out in regard to using the FRES gymnasium. The District has restricted all outside entities from coming into our buildings to use the gym since we began this school year. If the District were to allow the use of the gym by the WJAA I am recommending:

- The WJAA follow all of the rules the District will use for interscholastic basketball
- The WJAA fund one custodian at time and a half compensation for each use of the building for the length of time the facility is in use in order to clean and sanitize the areas off the building being used.
