Re: WLC Roof Repairs and Food Steamer replacement

I am requesting a vote this evening for approval to use \$88,450.00 of Facility Capital Reserve Funds for two items:

- \$82,450 for WLC Section six roof repairs, the work completed this summer
- \$6,000.00 on a new food steamer (including installation) \$17,000 was allotted for a new dishwasher for WLC, the unit was repaired and is working efficiently. The steamer is not repairable. The combined cost for the dishwasher repair and steamer are within the \$17,000 allotted in the warrant article approved by the voters last March.

A vote is required for the Trustee of the Trust Fund to release these funds from the WLC Building/Equipment and Roadway Capital Reserve Fund.
