**Superintendent Report**  
**June 2024**

- The **Class of 2024 graduation ceremony** was a wonderful celebration of our graduates! They reminded us of the adversity and obstacles they have overcome individually and collectively. Perseverance, flexibility, and patience certainly characterized this class ... traits that will serve them well moving forward! A huge **THANK YOU** to our elected officials, school staff, administrators, and family and friends who attended this culminating event!
- Great news - For the first time (since I've been in SAU 63), we are filling **ALL** of our teaching positions with educators that have completed a university education program and are/or will be **certified educators** prior to the start of the school year! We have filled seven positions and just in need of a WLC computer science teacher.
- We have submitted a **COPS grant** to improve and/or replace our school surveillance system (interior/exterior cameras). The grant is \$108,000. Thank you to Kristie for all her leadership in the process, as well as Kristina for helping with important documentation.
- We have completed a **right-to-know request** that involved about 26,000 emails. Nick is commended for the ownership and follow-through he exhibited in ensuring that this work was completed successfully.
- We just completed upgrading four doors at both LCS and WLC with **Smart Keyfob** access as part of our building safety improvements. The project was funded via a grant at a cost of \$25,000.
- FYI: Looking ahead, Buddy's **June facility projects/coordination** include, but not limited to: WLC paving, gymnasium windows (including asbestos removal in outside caulking), WLC fire panel, school fire inspections, WLC gym curtain, FRES stage curtain replacement, WLC backboards & pulleys.

Here are some photos from Monday's **awesome LCS field day!** Thank you parent volunteers & LCS staff for working together to plan a great event for our students!
