Policy Committee Report
08/22/2023

Our August meeting on 08/15/23 we:

1. Continued work on policies JLDBB and EBCA.
2. We reviewed the Required Policies List provided by NHSBA and cross referenced it with our current list online. WE finalized minor edits on a number of the required policies we were missing and they will be brought forward to the Board for adoption in September.
3. Assigned the policies that are required they needed more extensive editing done and we will review first drafts at our next meeting.
4. We continued our work in reviewing policies that are not required to see if withdrawal could be recommended, with our continued goal to establish a more effective and manageable Policy Manual. There will be a number of policies brought forth in September to withdraw. Our review consists of assessing 1) Does this policy serve a purpose 2) Is the purpose to provide guidance to staff, parents, Board Members, or taxpayers and 3) Can that purpose be served if the policy is withdrawn.
5. We made decisions regarding what policies to move forward following the 2022 Legislative updates. We have completed the entire review and the last few policies are on final drafts.
6. We completed updates to the staff dress code policy and have sent it to Administration to coordinate with the teachers and support staff, cross reference with the CBA and bring forth changes to discuss with the committee.
7. We set the next meeting for September 19th at 5:30pm

Respectfully submitted,
Brienne Lavalley
Policy Committee Chair
