Superintendent Report
May 13, 2025

- We are actively preparing our interview teams, schedules, and reviewing candidate application packets. Below is the current number of applications we have received for each open position. We will continue to keep our job postings active until we fill the positions.

LCS

School Nurse (4)

FRES

School Counselor (9)
Elementary Teacher (11)
Principal (8)

WLC

MS Math (2)
Technology Teacher (5)
Physical Education (4)

- The **Facility Manager interview** team consisted of: Bill (Budget Chair), Ann and Peter (our day custodians at each building), Tom (principal), Kristina (Superintendent Assistant), Kristie (BA), and myself. We met last Tuesday from 11:45 to 4:00 pm to review application packets and interview candidates. We had eight applications and interviewed five candidates. The applicants presented a wide range of competencies and experience. After careful deliberation, we selected two candidates to move forward as finalists. The next step is to provide a walking tour of our buildings this week where we can also talk with the candidates at a deeper/more specific level. For example, “how will you prioritize the tasks to complete the school locker rooms?” It is an opportunity to also explain further the details of the position, for example, being on call, potential weekends, snow removal, and supervision. The final step is to move one candidate forward to discuss contract specifics with the superintendent and provide an offer of employment. We are very enthusiastic about both of our finalists, and we are fully committed to support the new facility manager to be successful!

Thank you, Kristina, for all the upfront she did to organize the interview process! And thank you interview team for a job well done!

- I am pleased to say that in the absence of a facility manager; our school community has stepped up to make sure that we continue to move forward with our facility’s needs. Roger Spurrell has worked for us part time to complete outdoor projects and tasks, including improving the areas around our athletic fields. Ann, Peter, Bill, Eric, Josh, Scott and “T” continue to ensure that our buildings are clean and maintained for our students, Bridgette and Tom are actively working with their facility staff to provide them with resources they need, and Kristie, for overseeing the administrative side of the position.
