

DIB – DISASTER RECOVERY

It shall be the policy of the Wilton-Lyndeborough Cooperative School District to protect all financial electronic data from catastrophic destruction. All data shall be backed up intermittently throughout each work day and then each evening when all transactions have been completed for that day. All information will be backed up to an on-site and/or web-based server and/or one additional server that will be located off site. This will protect the district's data in case of fire, flood or other catastrophic event.

First Reading: June 10, 2014

Second Reading: June 24, 2014

Final Adoption: June 24, 2014
