

## **IK - EARNING OF CREDIT**

Students can earn course credit by demonstrating mastery of the required coursework and material. Mastery is defined as “a high level of demonstrated proficiency with regard to a competency.”

Student assessment of mastery is the responsibility of the building principal.

Credit will be awarded upon satisfactory demonstration and mastery of the required course competencies. Additionally, credit may also be awarded if a student is able to demonstrate learning experience in compliance with the district-specified curriculum and assessment standards.

*High School students will have the option to earn credit in mathematics through methods outside the Wilton-Lyndeborough High School course of studies. This will include qualified courses through dual enrollment, career and technical education, or other means as agreed to by the school's administration.*
