What is
new at
FRES?

A few reminders from FRES:

- Drop off time for FRES outback closes at 7:50 AM in order to allow teachers to get to classes and begin their school day. We are asking again, that parents park (not in handicap) and walk their students to the front office. Please do not stop in the road/parking lot and allow your student to run out.
- We will not be able "loan" out jackets from the nurses office for the remainder of the year. Coats are being cleaned. Please have your student dress accordingly.
- If your student is participating in Chess Club or Girls on the Run, please make the necessary changes on Pickup Patrol.
- All items from the lost and found have been donated. We encourage parents/guardians to write students names on their clothing to ensure that they are returned if placed in the lost and found bin.
- Field trips are starting to amp up and if parents/guardians would like to volunteer, you will need to visit the SAU office in Lyndeborough to fill out the volunteer paperwork. This paperwork can be lengthy at times, so we encourage to do this early.
- The health office will be sending Lions Club Vision Screening forms home with students. Note: In order for your student to be tested you need to sign and return the form. This year we they are asking for students to opt-in and without a signed form we are unable to test students.
- As the weather is constantly changing we do ask that students be dressed appropriately for the weather and we refer parents/guardians to our parent/student handbook on page 22 & 23 for further details.

April 11, 2025

Dear Parents and Guardians,

As we approach the end of the current school year and begin planning for the upcoming year at FRES, we are contacting you to gather your valuable input regarding your child's placement for the upcoming school year.

Understanding the Process:

We understand that selecting a classroom for your child is an important decision, and we want to ensure that we make the best choices for all students. Rest assured, we are committed to creating a learning environment that is both challenging and supportive for each child. Placing students in classrooms requires thoughtful planning and collaboration. This process involves classroom teachers, academic interventionists, special education teachers, related service providers, specialist teachers, administration, and your valuable input.

How You Can Help:

We invite you to complete a short survey to share your thoughts and experiences regarding your child's learning needs, strengths, and any specific preferences you may have for their next year's placement. Please note that current grade-level teachers may move to different grades next year, and while your input will be considered part of the placement process, we cannot guarantee that we can accommodate all requests.

Families will be notified of their student's placement on their student's last report card in June. Since class placements are typically finalized before the last day of school, we encourage you to share your input now. Please complete this short survey by April 25th to ensure your input is considered in the early stages of the placement process.

How to Share Your Input:

- If your student is entering First Grade, complete the [survey linked here](#)
- If your student is entering Second Grade, complete the [survey linked here](#)
- If your student is entering Third Grade, complete the [survey linked here](#)
- If your student is entering Fourth Grade, complete the [survey linked here](#)
- If your student is entering Fifth Grade, complete the [survey linked here](#)

Thank you for your ongoing partnership in supporting the education of our students. We appreciate your time and effort in completing the survey and look forward to working together to create a successful and rewarding school year.

Sincerely,

Bridgette Fuller

LYNDEBOROUGH CENTRAL NEWSLETTER

What is
new at
LCS?

This week at LCS, kindergarteners were hard at work illustrating and developing their writing for their own books! Students will participate in an Author's Tea on May 16th . Please see the flyer sent home in folders today for more details! In math, students are working with teen numbers. Students are writing, building and decomposing teens! We are so egg-cited for our egg hunt next Friday! We hope you have a fabulous weekend!!

Riddle of the Week:

What building in town has the most stories?

The first 5 students who know the answer and who come to the front office will receive a small prize.

Last weeks answer to the riddle is a "feather"!

HELP!!!

SAU 63 is currently looking for substitute teachers for all areas and all grades. If you would like to be a part of our team, please fill out the applications today!
